PRESS NOTICE

EARLY MARKET ENGAGEMENT

Request for Information (RFI) from Potential Suppliers for the “Development of a SuperApp based on Verifiable Digital Credentials in a Secure ID Wallet”

Reference: MITCI/RFI/02/2025-26

Objectives

The Ministry of Information Technology, Communication and Innovation (MITCI), prior to issuing a bidding document, is seeking information from potential suppliers with capabilities to design, develop and implement a SuperApp that integrates a Digital ID wallet. This Super App should be able to interface a digital Assistant which makes the digital ID wallet easier for less tech-savvy users by reducing manual navigation.

Purpose

The objectives of the RFI are to:

- Gain a comprehensive understanding of available market solutions for integrating Distributed Identifiers (DIDs) into the SuperApp’s identity and authentication system.
- Gather information on potential technologies and platforms (including open source) that support both W3C and ISO mDoc standards-based workflows.
- Explore the capabilities, experience and qualifications of potential Suppliers.
- Identify approaches to ensure scalability, security and compliance with privacy regulations

Request for Information Document

The RFI document may be downloaded from the Public Procurement Portal (publicprocurement.govmu.org), the Ministry's Website, (mitci.govmu.org), AFD dg-market (<https://rb.gy/jrg97r>)
