

Cybersecurity Awareness Campaign for the Public Sector

An awareness campaign is conducted by the ITSU/G-SIRT covering Ministries and Departments of the Government Sector.

Ministries and Departments in the civil service wanting to avail of security awareness sessions at their different sites may send a request to the IT Security Unit via itsecurity@govmu.org indicating a senior officer as liaison and any tentative dates. The Unit would contact your Department for finalising mutually agreeable dates per government sites.

The security awareness sessions planned for the year 2020/2021 are listed below. Actual dates indicate session completion as well as tentative schedule for future sessions.
